POCKET

LEATHERMAN®

The original pocket toolbox, the LEATHERMAN® TOOL, was created about 11 years ago and certainly has become a trendsetter. While many are riding the multi-tool wave, the Leatherman Tool continues to provide the biggest bang for your buck sporting 13 tools in one compact package. It includes: Needlenose/regular pliers; wire cutter; scale/ruler; lanyard ring; file; small, medium, & large screwdrivers; phillips head screwdriver; can/bottle opener; awl/punch; and plain edge blade. Leatherman Tool also features a leather belt sheath and a 25 year guarantee. Model #LM-LT. Suggested retail \$50.00

Golden Edge \$45.00

GERBER
LEGENDARY BLADES
A Fiskars Company

"Do-it-yourselfers" will appreciate the MULTI-PLIER®'s convenient one-handed operation. With a flick of the wrist, the pliers slide out giving access to 13 tools. Loaded into the 4 1/2" handles

are: pliers; wire cutter; scale/ruler; lanyard ring; file; small, medium, & large screwdrivers; phillips head screwdriver; can/bottle opener; drop point blade; and serrated sheepfoot blade. Add to this the Gerber TOOL KIT, and you get 6 new screwdriver bits. The included coupler enables you to use any standard 1/4" bits including allen head and torque bits. Tool Kit sheath also accommodates the Multi-Plier tool.

MULTI-PLIER with sheath. Model #GB-MP.
Suggested retail \$70.00

Golden Edge \$63.00

TOOL KIT with sheath, coupler, and 6 bits. Model #GB-TK
Suggested retail \$23.20 (Tool Kit sold separately.)

AL MAR KNIVES

The sophisticated 4X4 mixes a functional work tool with good looks. The handsome leather handle covering allows a comfortable, secure grip when bearing down on the pliers. The 4X4 incorporates pliers with wire cutter; flat head screwdriver; phillips head screwdriver; plain edge blade; and serrated edge blade. Lanyard ring at the handle's base folds around the pliers to lock in the closed position. Sturdy leather belt sheath included. Model #AL-4X4. Suggested retail \$163.00

NEW ITEMS!

GT KNIVES

This fresh folder design from a new knife maker is raising a lot of eyebrows. Functional design and fine craftsmanship make it a great choice. The GT-ONE folder locks open and closed by way of a brass push button sporting the company's logo. A lobe at the oversize pivot point acts as a guard, so even with wet hands, you won't slip. The highly-textured scales, crafted from 6061-T6 aircraft aluminum, are hard anodized. They're secured by three hex screws. The substantial ATS-34 stainless blade opens via teardrop-shaped recesses in both sides. And the action remains consistent through the range of travel. You can open and close it one handed with some practice. Made in America, the GT-One carries a lifetime warranty. If you're looking for a sturdy, hand-filling folder, consider the GT-One. Available plain edge or combination plain/serrated edge. Model #GT-BL. Suggested retail \$130.00.

Golden Edge \$117.00

Beretta U.S.A.

Model #BR-S2 (Serrated edge)

Model #BR-PS2 (Combination plain/serrated edge)

Model #BR-P2 (Plain edge)

The new mid-sized Beretta AIR LIGHTS are just like the original Air Lights-- just scaled down and easier to fit in your pocket. The Zytel handles aren't the only things that make these Berettas so light, the skeletonized blades greatly reduce weight as well. A thumb stud on each side of the blade means one-handed opening with either hand. Lefties don't have to switch the thumb stud to the other side of the blade. Suggested retail \$50.00.

Golden Edge \$45.00

ProCulinaire

Wrapped and ready for your favorite chef's stocking!

CLOSE-OUT SPECIAL

COLORED HANDLES Set of three with free holiday wrapping.

* (Note- pink handled Mini Paring has sawtooth edge.) **SAVE \$20!** Model #SP-KCL. Sorry, knives in colored set cannot be sold separately. **Golden Edge Special \$48.85**

BLACK HANDLES Set of three with free holiday wrapping. **SAVE \$10!**

Model #SP-KBK. **Golden Edge Special \$58.85**

Each blade is individually heat treated, oil quenched, and ice tempered, then hand ground and sharpened. Maximum edge retention is obtained by using MBS-26 stainless steel. Durable Sermollan handles (rubberized plastic) provide excellent grip for wet or oily hands. Although they're dishwasher safe, we recommend sink washing for all fine kitchen cutlery.

Add this great trio to your kitchen and you'll have all the cutting power you'll need.

Pro-Culinaire's MINI PARING knife is the perfect size for in hand cutting chores, peeling and paring, as well as gourmet decorating. It is not only petite, but strong, which lends itself as a favorite among wood carvers. *PlainEdge. Model #SP-K09PBK. Suggested retail \$13.95.

STOCKING

What a pleasant surprise to find any of these small treasures tucked inside your Christmas stocking. And what a surprise if you're the gift giver-- they're all less than \$35!

G-SAKAI

G. Sakai's HOTARU (Japanese for firefly) is the ultimate in key chains. How many times have you scratched your paint trying hastily to unlock your car door in a pitch black parking lot? This keychain lights the way with a fine focus red beam and the single cell battery is easy to replace. But wait, it's not just a keychain... it also includes a 1 5/8" pocket knife you can open one handed. You can order the durable Zytel handle in black or yellow. Model #GS-HOT. Suggested retail \$29.95.

Golden Edge \$26.95

MOKI

Moki's long tradition of excellence doesn't prevent it from being an innovative company. These light-weight designs demonstrate the wisdom of combining new materials with historic craftsmanship. The black Zytel model with honeycomb-textured handle won't slip even if your hands are wet. The red or yellow Zytel models feature a black elastomer insert that provides a resilient, leather like feel. All models open one handed (left or right) via a reversible thumb stud. Like their more expensive models, these folders offer Moki's famous design and execution throughout. As gifts, they express your appreciation for quality and precision. Each model available plain or serrated.

MOKI

In 1952, Mr. Moki Sakurai assumed responsibility of his father's "one man" knife factory which first opened in 1907 in Seki City, Japan. Over the years, the name Moki Sakurai became associated with high quality and his knives were referred to as Moki's Knives. As a result, the name was changed to Moki Knife Company in 1987.

The Moki Knife Company produces exquisite embellishments on the handles of their folding knives, which has earned them over 180 design and utility patents. Their forte is inlay work using exotic materials. We believe that no factories and few custom knife makers in the world can match Moki in this area.

CLOSE OUT

We've got good news and bad news. The bad news is that Spyderco is no longer producing the following models. The good news is that this enables us to sell out our remaining inventory at a great discount! Don't wait too long to place your order— quantities are limited.

Blade Thickness.....3/32"	Made In.....USA

TIMBERLITES™ Vaughn Neeley of Timberline Knives invented a very noteworthy locking system which has become the cornerstone of the Timberlite series. Known as the NeeleyLock™, this innovative design allows its user to open and close the knife with no levers or locks to push in the *handle* area. The lock is released by moving the *blade* outward by either pulling or pushing forward with the thumb studs. Thumb studs are on each side of the blade to facilitate opening with either hand. Available in black Zytel handle with black thumb stud, or olive green handle with black thumb stud. The olive green model has a subdued finish on the blade. Model #TL-101. Suggested retail \$34.95.

Golden Edge \$31.40

Edge Length.....5 3/8"	Sheath.....Cordura
Blade Thickness.....3/16"	Made In.....USA

SHARPENERS

Spyderco's TRI-ANGLE SHARPMAKER™ is one of our most popular gift items. Everybody wants an easy to use sharpener, whether it be for kitchen knives, scissors, wood working tools, pointed objects, or those seemingly hard to sharpen serrated edges. Well, those serrated edges are actually very easy with the Tri-Angle Sharpmaker-- it was made especially for them! Tri-Angle shaped stones are made of High Alumina Ceramic, capable of cutting any metal known to man and no oil or water is required. Set comes with complete instructions and a cordura carrying case makes it portable. Model #SP-203MFC. Suggested retail \$49.95.

Golden Edge Special \$39.95

Includes:

- 2 Fine grit stones
- 2 Medium grit stones
- 2 Brass safety guards
- ABS plastic base
- Cordura carrying case
- Instruction manual

The DIAMOND PEN SHARPENER is ideal for serious fishermen. Its 2 3/16" sharpening surface has an 1/8" flat side, a groove for fish hooks on the other side, and weighs in at only a 1/2 ounce. Stores inside the pen cap and clips into your pocket just like a ballpoint pen (but guaranteed not to leak!). Model #EL-S.

Golden Edge \$5.95

SHARPENERS

The key to perfect sharpening with the LANSKY KNIFE SHARPENING SYSTEM is the multi-angle knife clamp which assures proper blade to stone angle. Simply attach the blade to the multi-angle knife clamp; select the appropriate sharpening stone and assemble guide rod. Then insert the guide rod into the designated sharpening angle opening and begin sharpening your knife. You can select angles of 30, 25, 20, or 17 degrees.

Kit contains: coarse, medium, and fine hones; knife clamp with angle selector; three guide rods; honing oil; carrying case; extra screws and instruction guide. Hones are 4" x 1/2" and made of aluminum oxide. Model #LK-3. Suggested retail \$34.99.

Golden Edge \$31.50

1. PEDESTAL MOUNT Model #LK-PM. Suggested retail \$4.99.

Golden Edge \$4.50

2. UNIVERSAL MOUNT Model #LK-UM. Suggested retail \$9.99.

Golden Edge \$8.95

Mounts hold the clamped knife in a steady position and provide 360° work rotation capability. To sharpen other side of blade, simply flip the clamp over and repeat. Both mounts have pre-drilled bases so you can affix to a work-bench. The PEDESTAL MOUNT is designed with the post as a permanent integral part of the base, giving maximum stability. The aluminum UNIVERSAL MOUNT breaks down into two pieces-- pre-drilled base, and knurled post-- for easy storage inside carrying case.

DMT's DIAFOLD WHETSTONE is housed in a self-storing fold-away handle that remains permanently attached. The handle alleviates the possibility of getting cut while holding the stone itself in your hand. When not in use, the folded handle creates a compact storage case that you can toss into a tackle box, backpack, or toolbox. Stone is 4 3/8" x 7/8" and fine grit only. Model #DM-FD. Suggested retail \$24.50.

Golden Edge \$22.00

JESS HORN Now you can afford one of the world's finest semi-custom knives. Hold it in your hand-- feel the action-- examine its quality design and craftsmanship. From the jugged-bone handle to the meticulously sculpted stainless clip secured by stainless hex screws, the folder boasts precise fit and finish. The ATS-34 spearpoint blade features milled pockets on both sides for easy one-handed opening. Even the lanyard hole features the same attention to detail-- it's chamfered and lined. This collaboration between Jess Horn and Spyderco represents excellent value for collectors because they'd have to spend three or four times as much for a Jess Horn custom. Each knife comes in a padded zipper pouch and is available in PlainEdge™ or SpyderEdge™. Model #SP-C27. Suggested retail \$349.95.

Golden Edge \$314.95

Blade Steel.....	ATS-34	Weight.....	2.4 oz.
Overall Length.....	6"	Handle.....	Jugged Bone
Edge Length.....	2 3/8"	Sheath.....	Zipper Pouch
Blade Thickness.....	3/32"	Made In.....	Japan

New! Light and compact, Spyderco's new **CRICKET™** makes an ideal money clip. But make no mistake-- like every **CLIPIT™**-- it's a superb cutting tool, not an accessory. Crafted from G-2 stainless, the reverse "S" blade opens one handed and secures with a linerlock. When closed, the pocket folder boasts an unusual oval shape. The Cricket makes an ideal gift for those appreciating compact quality combined with excellent design. Scales are Tuftram coated aluminum. Your choice of PlainEdge or SpyderEdge. Model #SP-C29. Suggested retail \$59.95.

Golden Edge \$53.95

Blade Steel.....	GIN-1	Weight.....	1.72 oz.
Overall Length.....	4 5/8"	Handle.....	6061-T6 Aluminum
Edge Length.....	1 5/8"	Sheath.....	
Blade Thickness.....	1/16"	Made In.....	Japan

The newest version of the **STANDARD™** has all the features of its predecessor, but with a cleaner, finished look. It sports a finished back scale and the pocket clip is mounted with three screws, just like all the other stainless steel **CLIPITS™**. As always, it incorporates a 6A stainless skinning style blade, thumb-hole opener, front lock, and lanyard hole. Available in PlainEdge or SpyderEdge. Model #SP-C052. Suggested retail \$72.95.

Golden Edge \$65.95

Blade Steel.....	6A	Weight.....	3.8 oz.
Overall Length.....	6 5/8"	Handle.....	Stainless Steel
Edge Length.....	2 1/2"	Sheath.....	
Blade Thickness.....	1/8"	Made In.....	Japan

The **SNAP-IT™** is ideal for active outdoorsmen. Whitewater rafters, climbers and backpackers know how important it is to have immediate access to their tools. The Snap-it attaches quickly and easily to a D-ring, zipper, or belt loop and offers instant access without compromising safety. The hole in the blade has been enlarged to facilitate opening one-handed when gloves or mittens must be worn. Snap shackle is metal reinforced for extra strength, and lightweight Zytel handle is inlaid with Kraton for firm grip. Available in PlainEdge or SpyderEdge and red or black handle (each with black Kraton insert). Model #SP-C26. Suggested retail \$55.95.

Golden Edge Special \$44.95

Blade.....	G2	Weight.....	2.4 oz.
Overall Length.....	6 7/8"	Handle.....	Zytel/Kraton
Edge Length.....	2 3/8"	Sheath.....	
Blade Thickness.....	1/8"	Made In.....	Japan

RESCUE™ A paramedics #1 choice in emergencies. The blunt sheepfoot blade enables the user to free a victim without injury. Quickly cuts through seatbelts or clothing and the volcano grip handle pattern provides a secure hold even when hands are wet. Available in SpyderEdge only, and special price applies to black handle only. Model #SP-C14BK. Suggested retail \$54.95.

Golden Edge Special \$43.95

Blade Steel.....	G2	Weight.....	2.72 oz.
Overall Length.....	8 1/2"	Handle.....	Zytel
Edge Length.....	3 3/8"	Sheath.....	
Blade Thickness.....	1/8"	Made In.....	Japan

The **TUFRAM™ POLICE** model is a lightweight version of the original Police Model. 6061-T6 aluminum scales reduce the weight of this large folder to only 4 oz. TUFRAM (a special type of anodizing used to coat aluminum) adds longevity to the scales by making them virtually scratch resistant. The exposed rivets and darkened handle give the Police model a new look. Available in SpyderEdge and PlainEdge. Model #SP-C07ATU. Suggested retail \$146.95.

Golden Edge Special \$117.95

Blade Steel.....	G2	Weight.....	4 oz.
Overall Length.....	9 1/2"	Handle.....	6061-T6 Aluminum/Tuftram coating
Edge Length.....	3 3/4"	Sheath.....	
Blade Thickness.....	1/8"	Made In.....	Japan

LADYBUG™ STOCKING STUFFERS

Spyderco's Ladybug is so easily carried, you'll never have an excuse to be without a knife! Attach it to your key ring, carry it in your pocket, or toss it in your purse. The Ladybug incorporates all the features of its larger counterparts, except for the clothing clip. Available in 50/50 SpyderEdge/ PlainEdge only. Choose from handle colors of black, blue, grey, red or yellow. Model #SP-LB. Suggested Retail \$25.95

Golden Edge Special \$20.95
